

May 2024
Room 5

Dear Parents,

Wow, Can you believe it! All of a sudden a year has passed! I am so grateful for this year. I have very much enjoyed getting to know every single one of my students and see them flourish in the classroom. We have made amazing memories, solved friendship problems, tackled school work, and, now, we will finish strong while taking time to reflect on a beautiful year. It is time to reflect on our challenges and accomplishments.

We will continue our poetry studies by writing our own poems reflecting on what we have learned this school year. We will also finish with our final projects. First graders are working on biomes, second graders on country reports and third graders on state report. Due date will be Tuesday, May 21st and they will present the morning of May 22nd. More information will go home once their research is done in class.

Lastly, as summer break nears, come up with a plan to continue your child's academic growth. A suggestion is to have a daily schedule where children can draw and write, read , build and do math, help around the house, and spend time outside enjoying our summer.

I hope you have a wonderful summer filled with timeless moments and memories to cherish a lifetime.

Thank you, Maria
