Hello Families,

Wow! April went by fast! I want to thank all of you for taking the time to come in and talk during parent teacher conferences. It was a wonderful opportunity to talk about your child and learn what is ahead for them.

This month we will dig deep into our gardening unit by learning about many different fruits, vegetables, herbs and flowers that grow all around us. We will also learn about the many different insects that roam our Earth and how some are helpful while some are harmful.

As the weather continues to get warmer, the outside work area will be opened. The children will have the opportunity to work outside with art projects, window washing, sweeping, hammering, chair scrubbing and garden maintenance.

Kindergartner parents your child will be finishing up their school work and practicing their speeches for their graduation (happy tears) on May 24th. Please keep an eye out for an informative email regarding the ceremony.
