

July Newsletter Primary - Room 1

Dear Families,

Ready for an out-of-this-world adventure? Prepare to go to the far reaches of the universe and dive into the mysteries of space. Our campers will become astronauts and take a hands-on learning approach as they design and construct everything from model solar systems to constellations.

As we enter the hotter summer days ahead, please ensure that your children arrive with sunscreen applied for their outdoor fun. During the summer, free dress is allowed, but we ask that children wear shoes with straps for the playground. While there won't be Pizza Fridays hosted by the PTO, we are excited to introduce Popsicle Fridays instead. Order slips are provided at the front office.

We will continue to have Water Days every other Friday. Please ensure that your child arrives to camp wearing their swimsuit and has sunscreen applied. Don't forget to pack a towel and a change of clothes as well. Also, kindly label all of your child's belongings to avoid any mix-ups, as many families have similar items.

We can't wait to make this summer an unforgettable experience for your little ones!
